## Full-Time Landscape Designer

**ABOUT US:** We are an award winning Garden Center and Landscape Design & Installation Firm in South Minneapolis with a reputation of bringing unique landscape designs to the Greater Twin Cities for almost 20 years. We have a holistic approach to design. We sustainably grow much of the plant material our designers use at our 140 acre farm in Plato, MN. This allows us great access and control of the material we have to use in our landscape designs and is one of the factors that allows us to go beyond the ordinary. We are proud of our design work and pride ourselves in thinking outside of the cookie-cutter style that is so common.

**ABOUT YOU:** You possess extensive garden design experience and are well versed in the creative use of unusual herbaceous and woody plants. You have strong communication and people skills—using these skills to create truly unique, functional and beautiful gardens for clients. You are a designer that has the ability to nurture your projects from conception through implementation - working as a liaison between clients, crew leaders, growers and subcontractors, and a desire to be a part of a winning landscape team. Having multi-tasking skills is a major plus. You are approachable, organized, have excellent people skills and an awesome attitude.

**ABOUT THIS POSITION:** We are seeking the best designers as applicants for this position. This position is responsible for working with customers directly to deliver innovation, creativity, first-class service and the creation of memorable landscapes. Our designers create using our vast array of unique conifers, trees, shrubs, and perennials that we hand select and source from all over the country. This position will work off-site primarily, with bi-monthly designer meetings set every other Thursday, and other meetings as applicable. Hours are flexible, but do require availability to meet with customers on evenings and weekends when necessary.

At Tangletown Gardens our continued success depends upon a strong, multifaceted team. By joining the Landscape Design Team you are becoming a part of a dynamic group that has been built to provide the top notch design services we are known for, while taking pride in the process. We offer a unique work environment in which our Tangletown Gardens Farm, Landscape Team, Seasonal Design teams and Garden Center are intertwined to help provide the unique design experience found at Tangletown Gardens. If you are looking for a truly rewarding career, Tangletown Gardens is for you.

### BENEFITS:

- Competitive pay based on performance and experience
- Health Insurance and Paid Time Off eligible.
- Tangletown Gardens & Wise Acre Eatery 25% off product discounts
- Complimentary Small CSA membership (17-18 weeks starting mid-June through mid-October)
- Flexible hours

**HOW TO APPLY:** E-mail a cover letter, resume, references and examples of your work to Dean Engelmann at dean@tangletowngardens.com. In your cover letter, please tell us what you know about Tangletown Gardens, why you would like to join our team, and what makes you a good fit for the position. Qualified candidates will be contacted by management with next steps.
